

This safety data sheet complies with the requirements of:  
Regulation (EC) No. 1907/2006 (REACH) and Regulation (EU) 2020/878  
Version 3.0 Revision date: 13-05-2026  
Print date: 13-05-2026

---

## 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

---

### 1.1 Product Identifier

Product name: 84 µS/cm Conductivity Calibration Solution  
Product number(s) : EC147/100ml, EC147/500mlS, EC147/5ltr, 51390933, 51300333, 51100523, 51100623, 51100723  
Supplier: Hydrocal  
REACH Number : No REACH registration number is available as this mixture is exempt from registration requirements or the substances are registered by the suppliers.

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Recommended Use : Use as laboratory reagent, Calibration solution

### 1.3 Details of the supplier of the safety data sheet

Manufacturer/Supplier: Hydrocal B.V.  
Wallerstraat 125a  
3862 CN NIJKERK  
The Netherlands  
Telephone : +31 (0)88-8760101  
E-mail address : [info@hydrocal.nl](mailto:info@hydrocal.nl)

### 1.4 Emergency telephone number

Emergency telephone number: +31 (0)88-8760101  
Solely intended to inform professional caregivers in acute poisoning

---

## 2: HAZARDS IDENTIFICATION

---

### 2.1 Classification of the substance or mixture

**Classification according to Regulation (EC) No 1272/2008 (CLP)**  
This mixture is not classified as hazardous.

### 2.2 Label elements according to Regulation (EC) No 1272/2008

No labeling required according to Regulation (EC) No 1272/2008.  
EUH210: Safety data sheet available on request.

### 2.3 Other hazards

Special danger of slipping by leaking/spilling product.

This mixture does not contain substances meeting the criteria for PBT or vPvB.  
The mixture does not contain endocrine disrupting substances above 0.1%.

### 3: COMPOSITION/INFORMATION ON INGREDIENTS

#### 3.1 Substances

Not applicable.

#### 3.2 Mixtures

| Component          | EC-No.    | CAS-No.   | Concentration (%) | DSD Classification – 67/548/EEC | CLP Classification – Regulation (EC No. 1272/2008 |
|--------------------|-----------|-----------|-------------------|---------------------------------|---------------------------------------------------|
| Water              | 231-791-2 | 7732-18-5 | 90 – 100%         | -                               | -                                                 |
| Potassium Chloride | 231-211-8 | 7447-40-7 | 0 – 10%           | -                               | -                                                 |

### 4: FIRST AID MEASURES

#### 4.1 Description of first aid measures

|                        |                                                                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General Advice:</b> | Use first aid treatment according to the nature of the injury. For further assistance, contact your local Poison Control Center. Show this safety data sheet to the doctor in attendance. |
| <b>Inhalation:</b>     | Move to fresh air. If symptoms persist, obtain medical attention.                                                                                                                         |
| <b>Skin Contact:</b>   | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If symptoms persist, call a physician.                                              |
| <b>Eye Contact:</b>    | In case of eye contact, rinse immediately with plenty of water for at least 15 minutes. If symptoms persist, obtain medical attention.                                                    |
| <b>Ingestion:</b>      | Clean mouth with water and drink afterwards plenty of water. Do not induce vomiting. If symptoms persist, call a physician or Poison Control Center immediately.                          |

#### 4.2 Most important symptoms and effects, both acute and delayed

No information available.

#### 4.3 Indication of any immediate medical attention and special treatment needed

No information available.

### 5: FIREFIGHTING MEASURES

#### 5.1 Extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### 5.2 Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapors.

#### 5.3 Advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand and full protective gear.

---

## 6: ACCIDENTAL RELEASE MEASURES

---

### 6.1 Personal precautions, protective equipment and emergency procedures

Use personal protective equipment. Evacuate personnel to safe areas.

### 6.2 Environmental precautions

Prevent entry into drains and surface waters.

### 6.3 Methods and material for containment and cleaning up

Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Prevent further leakage or spillage if safe to do so. Special danger of slipping by leaking/spilling product.

### 6.4 Reference to Other Sections

For additional waste treatment information, see section 13.

---

## 7: HANDLING AND STORAGE

---

### 7.1 Precautions for safe handling

To avoid risks to human health and the environment, comply with the instructions for use. Wear personal protective equipment. Avoid ingestion and contact with eyes. Handle in accordance with good laboratory practice. Ensure adequate ventilation, especially in confined areas.

### 7.2 Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place. Store at room temperature in the original container. Keep away from direct sunlight.

### 7.3 Specific end use(s)

See Section 1.2. No other specific uses are advised.

---

## 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

---

### 8.1 Control parameters

#### Components with workplace control parameters

The product contains no substances with occupational exposure limit values.

### 8.2 Exposure controls

#### Engineering Measures

Use in accordance with current rules and practices with regard to industrial hygiene and safety. Wash hands before breaks and at the end of the working day.

#### Personal protective equipment

Personal protective equipment must comply with Regulation (EU) 2016/425.

#### Eye/face Protection

Face protection and safety glasses. Use face and/or eye protection tested and approved by official institutions such as EN 166 (EU).

**Skin and body protection**

Handle with gloves. Inspect gloves prior to use. Pull gloves neatly out without touching the outside with bare hands. Dispose of gloves immediately according to the applicable laboratory regulations. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686 / EEC and the standard EN 374 derived from it. Full contact material: Nitrile rubber Minimum layer thickness: 0.11 mm Breakthrough time: 480 min.

**Respiratory Protection**

Provide adequate ventilation.

**Environmental exposure controls**

Prevent product from entering drains.

---

**9: PHYSICAL AND CHEMICAL PROPERTIES**

---

**9.1 Information on basic physical and chemical properties**

|                                                |                          |
|------------------------------------------------|--------------------------|
| a) Appearance:                                 | Clear liquid             |
| b) Odor:                                       | None                     |
| c) Odor Threshold:                             | No information available |
| d) pH:                                         | at 20°C approx. pH 7,0   |
| e) Melting point/freezing point:               | No information available |
| f) Boiling Point/Range:                        | at approx. 100°C         |
| g) Flash Point:                                | No information available |
| h) Evaporation Rate:                           | No information available |
| i) Flammability (solid, gas)                   | No information available |
| j) Flammability Limit in Air:                  | No information available |
| k) Vapor pressure:                             | No information available |
| l) Vapor Density:                              | No information available |
| m) Relative density:                           | at 20°C approx. 1,0 g/ml |
| n) Water Solubility:                           | Soluble                  |
| o) Partition coefficient<br>n-octanol / water: | No information available |
| p) Autoignition Temperature:                   | No information available |
| q) Decomposition Temperature:                  | No information available |
| r) Viscosity                                   | No information available |
| s) Explosive Properties:                       | No information available |
| t) Oxidizing Properties:                       | No information available |

## 9.2 Other safety information

No additional information available

---

## 10: STABILITY AND REACTIVITY

---

### 10.1 Reactivity

No information available

### 10.2 Chemical stability

Stable under recommended storage conditions.

### 10.3 Possibility of hazardous reactions

None under normal processing

### 10.4 Conditions to avoid

Extremes of temperature and direct sunlight. Protect from frost.

### 10.5 Incompatible materials

No information available

### 10.6 Hazardous decomposition products

Thermal decomposition can lead to release of irritating gases and vapors.

---

## 11: TOXICOLOGICAL INFORMATION

---

### 11.1 Information on toxicological effects

|                                           |                                                         |
|-------------------------------------------|---------------------------------------------------------|
| <b>Acute Toxicity:</b>                    | Based on available data, the mixture is not classified. |
| <b>Skin Corrosion/Irritation:</b>         | Based on available data, the mixture is not classified. |
| <b>Serious eye damage/eye irritation:</b> | Based on available data, the mixture is not classified. |
| <b>Sensitization:</b>                     | Based on available data, the mixture is not classified. |
| <b>Carcinogenic effects:</b>              | Based on available data, the mixture is not classified. |
| <b>Mutagenic Effects:</b>                 | Based on available data, the mixture is not classified. |
| <b>STOT - single exposure</b>             | Based on available data, the mixture is not classified. |
| <b>STOT - repeated exposure</b>           | Based on available data, the mixture is not classified. |
| <b>Aspiration hazard</b>                  | Based on available data, the mixture is not classified. |
| <b>Additional Information:</b>            | Based on available data, the mixture is not classified. |

The mixture is not classified as hazardous.

## 11.2 Information on other hazards

Endocrine disrupting properties:

This mixture does not contain endocrine disrupting substances above 0.1%.

Other information:

No information available

---

## 12: ECOLOGICAL INFORMATION

---

### 12.1 Toxicity

The mixture is not classified as hazardous.

### 12.2 Persistence and degradability

No information available

### 12.3 Bioaccumulative potential

No information available

### 12.4 Mobility in soil

No information available

### 12.5 Results of PBT and vPvB assessment

This mixture does not contain substances meeting the criteria for PBT or vPvB.

### 12.6 Endocrine disrupting properties

This mixture does not contain endocrine disrupting substances above 0,1%.

### 12.7 Other adverse effects

Avoid release to the environment.

---

## 13: DISPOSAL CONSIDERATIONS

---

### 13.1 Waste treatment methods

#### Product

Disposal should be in accordance with applicable regional, national and local laws and regulations.

#### Contaminated Packaging

Dispose of as unused product.

---

## 14: TRANSPORT INFORMATION

---

### 14.1 UN-number

ADR/RID: -                      IMDG: -                      IATA: -

### 14.2 Proper Shipping Name

ADR/RID:                      Not dangerous goods  
IMDG:                          Not dangerous goods  
IATA:                           Not dangerous goods

### 14.3 Hazard Class

ADR/RID: -                      IMDG: -                      IATA: -

### 14.4 Packing Group

ADR/RID: -                      IMDG: -                      IATA: -

### 14.5 Environmental hazard

ADR/RID: no                      IMDG Marine pollutant: no                      IATA: no

### 14.6 Special Provisions

No information available

### 14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC-code

No information available

---

## 15: REGULATORY INFORMATION

---

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

#### This SDS complies with:

- Regulation (EC) No 1907/2006 (REACH)
- Regulation (EU) 2020/878
- Regulation (EC) No 1272/2008 (CLP)

#### European legislation:

- Directive 98/24/EC (Chemical Agents Directive)
- Directive 2004/37/EC (Carcinogens and Mutagens Directive) – not applicable
- Regulation (EU) 2019/1021 (POPs Regulation) – not applicable
- Regulation (EC) No 1005/2009 (Ozone-depleting substances) – not applicable

#### Occupational exposure limits:

- The mixture does not contain substances with established occupational exposure limit values.

#### Other regulations:

- Based on the ingredients listed in Section 3, the mixture does not contain substances subject to authorization under REACH Annex XIV.
- Based on the ingredients listed in Section 3, the mixture does not contain substances subject to restriction under REACH Annex XVII.
- Based on the ingredients listed in Section 3, the mixture does not contain substances on the Candidate List (SVHC) above 0,1%.

### 15.2 Chemical safety assessment

A chemical safety assessment has not been carried out for this mixture.

---

## 16: OTHER INFORMATION

---

### Full text of H-phrases referred to under sections 2 and 3.

No H-phrases are applicable for this mixture.
